

#1 Optimal Skating Performance

SP Teri makes exceptional quality boots. This certificate is good for the KT-2 boots valued at \$690 retail. This boot is ideal for the skater working on all of his or her double and triple jumps, however, if you need a pair of boots for triple and quadruple jumps, the value can be applied towards KT-3 which is lighter and targets those needs. The difference would be approximately \$80 more. For more information please checkout: <http://spteri.com/products>

Value is \$690

Starting bid is \$50 with \$10 increments.

Note: The Sp Teri Certificate is not redeemable for cash/no cash value and expires on 6/30/18 so if you are the successful bidder, I would be happy to request up to a one month extension so that you may find time to schedule an appointment or pop into a SP Teri dealer (this is a must) to select and/or order the boots and to be properly fitted for them as well.

Thank you George Spiteri!
